

## LOCKDOWN WORDSEARCH

The wordsearch contains about 30 words or terms associated with the covid lockdown, including a couple of abbreviations.

Most words read across or down as usual. A few are diagonal, back to front or upside down. If there is a term with two words, they usually link or are next to each other.

Some of the links are not in straight lines, but the linked letters are adjacent to each other.

Every letter in the grid should be used at least once. There are no unused letters.
